PROFESSIONAL SUMMARY

Full Stack Developer with hands-on professional experience in building and maintaining web applications using JavaScript, React.js, Node.js, Express.js, Next.js, and MongoDB. Experienced in developing responsive user interfaces, building RESTful APIs, integrating databases, and implementing backend functionality. Currently working as a Full Stack Developer at Dunacademy, contributing to the development of scalable web applications and collaborating with team members on real-world projects. Skilled in debugging, problem-solving, Git-based collaboration, and writing clean, maintainable code. Always eager to learn new technologies and improve development skills.

TECHNICAL SKILLS

Programming Languages: C, C++, Java, JavaScript, TypeScript

Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, React.js, Next.js, EJS

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, Session Management

Databases: MySQL, MongoDB, PostgreSQL

Tools & Platforms: Git, GitHub, VS Code, Postman, Hoppscotch, Cloudinary, Resend, Render, Vercel

EXPERIENCE

Full Stack Developer — Sep 2026 – Present

Dunacademy

- **Tech Stack:** Next.js, TypeScript, Node.js, React.js, Tailwind CSS, PostgreSQL
- Contributing to the development of a full-stack web application for managing retreat and trekking experiences.
- Working as a Full Stack Developer, developing responsive user interfaces and implementing backend functionality, API integrations, and database operations.
- Developing enquiry management and lead tracking functionality with database persistence and email notification workflows.
- Integrating media upload and image management functionality using Cloudinary.
- Collaborating with team members through Git and GitHub, managing branches, code integration, and development workflows.
- Performing testing, debugging, and code quality improvements to ensure application reliability.

Full Stack Developer Intern — Mar 2026 – Aug 2026

ACTECAL

- Completed a full stack development internship, gaining hands-on experience with MERN STACK, HTML, CSS, and Javascript.
- Built and contributed to small web modules, applying REST API design, frontend-backend integration, and basic database operations.
- Learned foundational engineering practices including Git version control, debugging, and collaborative development workflows.

KEY PROJECTS

Retreats & Treks Platform (Travel & Hospitality)

Next.js, TypeScript, Node.js, React.js, Tailwind CSS, PostgreSQL

- Developing a full-stack travel platform for managing retreats, trekking experiences, and customer enquiries.
- Implementing backend APIs, enquiry management, lead tracking, database operations, and email notification functionality.
- Managing Git/GitHub workflows, code integration, testing, debugging, and code quality improvements.

Social Connect – Full Stack Social Media Platform

React.js, Node.js, Express.js, MongoDB, JWT

- Built a social media platform with JWT-based authentication and protected routes.
- Implemented profiles, image uploads, post CRUD, likes, comments, follow/unfollow, and personalized feeds.
- Integrated Cloudinary for image storage and MongoDB Atlas; deployed frontend and backend on Render.

MERN Authentication & Product Platform (E-Commerce)
React.js, Node.js, Express.js, MongoDB, JWT, bcryptjs

- Developed authentication and product management features including signup, login, protected APIs, product CRUD operations, and frontend-backend integration.
- Implemented password hashing, JWT authorization, React routing, API integration, and responsive UI.

Wanderlust – Airbnb-Inspired Web Application
Node.js, Express.js, MongoDB, EJS, Bootstrap

- Implemented authentication and authorization using Passport.js and Express Session.
- Built CRUD for property listings and reviews with ownership-based access control.
- Integrated Cloudinary (image uploads) and Joi (server-side validation).

EDUCATION

Diploma in Information Technology **2023 – 2026**
Uttarakhand Board of Technical Education | Percentage: 85.66%

Intermediate (12th) – PCM
UBSE | Percentage: 77.8%

ACHIEVEMENTS

- Won the District Level INSPIRE Award for innovation and project development.
- Recognized for outstanding design skills at G.B. Pant Institute of Engineering and Technology, Ghurdauri.
- Represented at a State Level Hackathon Competition.

LANGUAGES

English (Professional Working Proficiency), Hindi
